2024 ANNUAL REPORT

2024:

A Year of Growth and Financial Strength

In 2024, the economic landscape was shaped by persistent inflationary pressures, rising interest rates, and an evolving job market. Consumers and businesses alike navigated economic uncertainty while seeking stability and financial security. Despite these challenges, Wildfire Credit Union remained a trusted partner for our members, providing the financial tools, resources, and support they needed to thrive.

We proudly welcomed 4,610 new members, bringing our total membership to 49,014. This growth reflects the continued trust and confidence our members place in us. Member deposits increased by \$26.2 million, a 2.72% rise, reinforcing our commitment to financial security and stability.

As deposits grew, so did our assets. By year-end, total assets had increased by 3.32%, reaching an impressive \$1.1 billion. Lending remained strong, with consumer loans growing by 4.74%, business loans increasing by 11.88%, and total loans rising by 5.69%. We closed the year with over \$628.7 million in loans provided to our members—empowering them to achieve their financial goals and aspirations.

Our financial performance remained solid, with a net income of \$3,043,071 and a return on assets ratio of 0.28%. Additionally, our net worth ratio stood at a robust 11.15%, well above the regulatory threshold for being considered well-capitalized.
